OUR PRICE GUIDE

Hello there, please find below our price guide based on average costs.

These prices provide a basic and general guide to wedding flower costs but are not definitive. They are non specific and be viewed in terms of average pricing and 'from' pricing.

All prices are quoted using the best quality product in our wild and elegant house style. A tailored proposal can be based on information given by you, which will include a style brief written by us on the basis of that consultation, listing both potential flower choices and costs.

Suspended & Large Scale Installations

These are bespoke design pieces are all developed and costed on an individual basis. These items can be discussed further in meetings. These are usually developed in conjunction with the specific space they will occupy, so there is no one size fits all. As a general rule - an average cost of a 'flower cloud' is £850, but prices vary depending on size, content, logistics etc.

Styling Hire

We have a comprehensive catalogue of hire items from glassware and urns to candlesticks and bud vases. These are the pieces that will give you quality and character creating a rare and precious feel to your day. You can find a link to this catalogue in our lookbook so you can browse at your leisure to see how we can bring your day to life with every authentic detail.

Bank Holiday Weddings

New Years Eve, Christmas and Easter period bank holiday weddings will have delivery, set up and breakdown of the wedding charged at double standard rates to cover bank holiday staffing. Additionally, due to the supply and demand for flowers during such peak periods, you can expect the cost of flowers to increase by up to 20% due to increased costs from our suppliers. We do of course seek to give you the very best product, value and quality at every step of the way.

Set-up, Delivery & Breakdown Costs

This is calculated on an individual basis and takes into account the cost of fuel, time to venue, time at the venue (both at set up and return journey to breakdown). The final cost is indicative of the amount of work that is involved in set up and breakdown, where some items are time consuming and labour intensive to install (such as hanging designs) and equally intensive to uninstall and breakdown after your big day draws to a close.

Your Flower Budget

We have a minimum spend of £2000 on our flowers due to the way in which we buy our flowers.

We do however strongly recommend a spend of £3500+ for flowers- that includes wedding party flowers and some venue decoration. 19 years in this industry and a wealth of knowledge tells us this is a realistic budget to work from. Large scale items are highly likely to take you over this cost, so please be prepared to spend more if you just have to have that pair of 10 foot flower towers book-ending your ceremony!

However, once you are booked into our diary, we are always happy to help you with guidance on where to spend your wedding flower budget. We know what works and what doesn't, so please feel free to ask for help if you feel unsure as to where to spend your flower money.

If you would like to secure your date in our diary then we require a £250 booking fee paid to the details below. £150 of this is taken to cover our meeting times, admin and design costs. The remaining £100 is deducted from your balance.

And Finally.....

Dutch imported flowers continue to be affected periodically by Covid-19 and Brexit supply issues. Availability and cost of flowers may therefore vary, sometimes significantly.

So whilst we have given you a price guide, we have not accounted for any changes that may occur as a result of these forces. What we will also say is that we are now in the process of using more local growers and British grown flowers. This is both to support our local industry and realise the provenance of the product we sell, and of course to negate the cost issues that are likely to occur as a result . We hope you understand and appreciate that we are saying this to be as open as possible, as we believe in clarity and transparency with all our working relationships. .

We look forward to hearing from you

Warmest wishes

A handwritten signature in a cursive script that reads "Beth". The letters are dark green and have a fluid, connected appearance.
